

**"Miles & Bird get us the best price, they also had to keep a very long sale 'on track'"**

Miles & Bird sold the house in Putney for more than the two local agents valued it for. They prepared information about the potential for the house (extensions, that sort of thing) & we had lots of viewings and offers to choose from & they helped us choose the right buyer. There was a delay in the grant of probate so in the end my Gran's house took 11 months to go through. So not only did Miles & Bird get us the best price, they also had to keep a very long sale 'on track'. They did a thoroughly professional job, and were very kind to us at a sensitive time for the family, even passing on messages of condolences from local well wishers & taking the trouble to get their contact details so we could thank them.

**"made us feel really happy and confident to work with them"**

The whole team worked really hard and I would recommend them to anyone wanting to buy or sell a home in the area [Teddington]. They were friendly and professional at all times. They were quite different from other agents - they just had that something extra that made us feel really happy and confident to work with them.

**"I have 12 properties and will NEVER go through another agent again"**

On entering their "emporium" I was made to feel very welcome indeed by both Naz and Andrew. They are incredibly professional in their working environment and totally lovely as people. They have both been in the business long enough to understand all the things the general buying /selling folk hate about estate agents and treat customers like they are the only customers on their books at that time. We had the most superb efficient friendly and speedy service from Miles and Bird and in fact with their help and contacts were in our new home within 6 weeks!!

Thank you Naz and Andrew for being diligent efficient fast and of course super friendly and kind. I have 12 properties and will NEVER go through another agent again. Well done and all the praise is well deserved.

**"the perfect estate agent"**

The most outstanding quality of Miles and Bird is their communication skills. At no stage of the sales process was I left wondering what was happening. Add this to charm of the partners, their friendly yet professional service and you will have found the perfect estate agent--I certainly did. Miles and Bird, a welcome addition to Molesey.

**"Molesey Women's Institute.... thanks and appreciation"**

On behalf of the Molesey WI committee I would like to express my thanks and appreciation to Miles & Bird for their support over the last year for providing us with the use of their premises for our monthly committee meetings. Relaxed and professional surroundings which helps us to achieve our work each month. Thank you so much.

**"Andy Miles .... a real gent"**

We first met Andy Miles when selling our house a few years ago. He was super to work with - very straightforward, helpful and knowledgeable. Even our seller described him as a "real gent", having himself come across Andy before! He has since taken the time to visit our new home to offer advice about improvements, which was very kind as he knew that we would not be likely to be on the move again in the near future!

More recently Naz and Andy generously agreed to support Teddington School and sponsored advertising boards for its annual plant sale. Their support went far beyond the normal financial sponsorship of boards - Naz was very enthusiastic and helpful: she spent a morning visiting local shops with me to ask them to put up posters, and also enterprisingly negotiated a free full-page advert for the school sale in a local paper. Andy and Naz also came to the school sale and bought some plants too, which really was a pleasant surprise!
